

# Please read

**To follow safety protocol at this time  
we are currently asking:**

- ◆ **Everyone wear masks while in the office**
- ◆ **Only 1 parent and no siblings with each patient**
- ◆ **A Wellness screening will be performed on all patients which consists of taking temperature, a few health questions and asking them to wash their hands**
- ◆ **If you have multiple people with you, please call our office and wait in your car. We will call when we are ready for the patient**

**Thank you for your cooperation and  
patience!**
